

GLORY! GLORY! SHOUT THE GLAD STORY!!!

Democracy is Rebuked by the Mighty Voice of Triumphant Republicanism.

IOWA, NEW YORK, THE BAY STATE REDEEMED

From Every Point of the Compass Republican Gains Pour in in Torrents.

MAYNARD IS LAID OUT

New York State Redeems Its Unsullied Name.

GREENHALGE IS GOVERNOR

Legislatures of Both New York and Massachusetts Will Be Republican.

New York, Nov. 7.—All political factions looked on with wonderment and surprise when the result of today's election became known. The vote polled for secretary of state by the New York democracy, of which Tammany hall was the head, was fully 10,000 below their expected majority. The figures are: Meyer, democrat, 147,296; Palmer, republican, 168,877. The greatest struggle of the campaign was centered in the contest for associate judge of the court of appeals and has probably influenced the vote throughout the state, the candidacy of Isaac H. Maynard having been greatly opposed. Maynard fell considerably behind his ticket and polled 29,536 votes less than was cast for secretary of state. There is little doubt that his candidacy was a leading factor in the sweeping defeat of the state democracy today. Another cause for its downfall, in all probability, was the recent actions of John Y. McKabe at Gravesend, which unquestionably affected the party's chances of success. The democrats still virtually control the local government, having elected their city officers, sheriff, county clerk, surrogate, city comptroller, justice of the civil court and coroner.

The republicans have carried only two out of the thirty assembly districts in this city, the twenty-third, in which Lawson was elected, and the twenty-ninth which was carried by Fitzgerald. In the city proper, eight out of the nine senatorial districts have gone to the democrats, and the present indications are that they have carried the day in those parts of Putnam and Westchester counties, belonging to the annexed district known as the fifteenth senatorial district.

Returns at 1:30 a. m. indicate the election of legislators as follows: Republican senators, 18; democratic senators, 14. Republican assemblymen, 74; democratic assemblymen, 34. Republican majority in senate, 4; in the house, 23; on joint ballot, 24.

BOSS CROKER DID NOT ATTEND

Tammanites Assembled to Hear the News, But Adjourned Early.

New York, Nov. 7.—A multitude of Tammanites crowded in and around the big wigwag in Fourteenth street tonight to get the latest returns, but up to a late hour crowds of men were streaming in and out of the building. The general hall was crowded, the main floor being filled, as were also the galleries. In the boxes with their escorts were many fashionably attired women. The platform was filled with Tammany leaders, who took turns in speaking cheering words to the audience and in telling them what a grand institution Tammany is. Ex-Senator Thomas J. Cramer, president. The returns were read by John B. McMillen, secretary of the democratic state committee. A telegraph instrument and operator were in the side room at the rear of the platform. When the returns were favorable there was much cheering. Richard Croker did not show himself in the hall. He secluded himself in his private room and declined to see anyone but his lieutenants. At 8 o'clock he sent out word that on his opinion both the state and legislative tickets had been secured by the republicans. The tidings appeared to spread among the persons in the hall, although no intimation of it was furnished from the platform, and the word "beaten" was soon passing from mouth to mouth. The crowd gradually began to dwindle away, although efforts were made to hold it and at 10 o'clock, when Ambrose Purdy appeared and whispered to the reporters, "We are beaten from top to bottom," there was scarcely a guard in the hall. At 10:30 the meeting was declared adjourned.

BEFORE THE COURT

Daniel Lamont Goes to the Polls to Cast His Vote.

New York, Nov. 7.—The closing of the polls brought to a close the quietest election ever held in the city. The number of votes cast is very much lighter than in any recent year. Maynard seems to have been scratched and traded by democrats all over the state. There is a marked difference between the spirit manifested in this city and in that exhibited in Brooklyn. In that city the majority and the predominance of the "ring" and the democratic leaders have been struggling since daylight to bring out a big vote. Boss McKimble was seldom harder pressed than he has been this year, and his lieutenants and himself are fearful of defeat.

In many parts of this city voting was begun this morning as soon as the polling places were opened, at 6 o'clock. The weather was favorable and a fairly heavy vote was cast. It was noticeable that in many of the districts where the

during the last forty-eight hours resulted in a larger aggregate vote than had been expected.

Conceded by the Democrats.
Des Moines, Nov. 7.—Charles D. Fuller, chairman of the democratic state committee, says: "All indications point to Jackson's election by 20,000 to 25,000. The republican state ticket will have a slightly less majority. We have no returns on legislative candidates."

PENNSYLVANIA REPUBLICAN

The State Ticket Elected by Large Majorities.

PHILADELPHIA, Nov. 7.—The vote in Pennsylvania today was light and resulted in the election of Samuel Jackson, republican, of Armstrong county for state treasurer and D. Newlin Fell, republican, of Philadelphia for justice of the supreme court. Mr. Jackson will succeed John W. Morrison, republican, who was elected state treasurer in 1890 by a plurality of 54,187 over his democratic opponent. Judge Fell will serve the two years remaining of the term of Judge Edward W. Paxson, who resigned to accept the receivership of the Reading Railroad company. The candidates for the two state offices were state treasurer, Samuel Jackson, republican; Frank Osborn, democrat; J. S. Kent, prohibition; F. M. Windsor, fellow, republican; Samuel G. Thompson, democrat; Herbert T. Ames, prohibition; John H. Stevenson, people's. In Philadelphia the entire republican ticket was elected as follows: Sheriff, Samuel M. Clements; city comptroller, Thomas M. Thompson; recorder of deeds, Thomas Green; Joseph J. Senneker, democrat, the lawyer for the election of a minority report in the board of commissioners.

Allegheny County State

PITTSBURGH, Nov. 7.—At midnight counting voting districts in Allegheny county have been heard from to indicate almost to a certainty that Fell (rep) for supreme judge and Jackson (rep) for state treasurer will have majorities exceeding 20,000. The republicans will elect their county ticket by majorities ranging from 10,000 to 15,000.

Carried It by 100,000 Majority.

PHILADELPHIA, Nov. 7.—The official returns from all wards in the city give Jackson (republican) for state treasurer 52,132 plurality, a republican gain of 23,583. This indicates a republican majority in the state of over 100,000.

Pennsylvania Conceded.

PHILADELPHIA, Pa., Nov. 7.—The democratic state committee concedes a republican majority of sixteen in the next legislature.

GOVERNOR GREENHALGE

He Carries the Bay State by a Hand-some Majority.

BOSTON, Nov. 7.—The Bay state has been redeemed, and Charles F. Greenhalge of Lowell will be the next governor. The democratic candidate, the democrat nominated John E. Russell, who, although of the same name, is no relation to the present governor. The hard times checked the tendency toward free trade among the mill operators throughout the state, and as a result it was only a couple of days ago that Francis H. Jackson, one of the democratic leaders, said that the prospect of the party carrying the state this year was practically hopeless. There were two third party tickets in the field, one representing the prohibitionists, the other the people's party. The republican ticket, headed by the Rev. Dr. Banks, formerly of Oregon, and now pastor of the Temple street Methodist Episcopal church. Some years ago he was shot on the street in the state of Washington as a result of his vigorous advocacy of the temperance cause. Heroic treatment, however, saved his life.

NEW JERSEY REDEEMED.

The State Saved by the Race-Track War.

TRENTON, N. J., Nov. 7.—The election in this state was for members of the legislature and for local office. The race-track war entered into the campaign and its effect was to cause republican gains. Returns up to 10 o'clock showed that the republicans had gained eight assemblymen and probably two senators. This, however, will not change the complexion of the law making body, which will be democratic in both houses. Camden gives an estimated majority of 800 for Rogers (republican) for senator, and 1,200 for Heret (republican) for sheriff. The republicans elect Stafford in the first and Watson (republican and independent) in the second. The democrats re-elected W. L. Thompson from the third. In Gloucester county, Senator Parker (republican) is elected by 80 and Stranger (republican) assemblyman by 300. In Salem county, Ward (democrat) is elected senator by a small majority. From present returns the democratic majority in the senate will be reduced to three. The republicans gain a senator in Union county.

KENTUCKY IS DEMOCRAT

The Boardmen Have Their Own Way in the Blue Grass.

LOUISVILLE, Nov. 7.—The democrats had things their own way in Kentucky today, and according to reports received by the United Press up to 9 o'clock, the next legislature will be made up of 110 democrats; twenty-five republicans and three populists. The Hon. A. J. Carroll city editor of the Louisville Times

Michigan Salt Output.

SAGINAW, Mich., November 7.—The salt inspection in the state for the month of October was 47,386 barrels. Up to the quantity inspected the total was 3,174,928 barrels, being 380,000 barrels less than for the same period last year. The Michigan Salt company has half a million barrels less in hand than last year at this date, and salt has moved freely, considering the dull times, but that price of the holdings being only forty-five cents for 285 pounds of fine salt, and a ten cent package thrown in.

Store Buildings Burned.

MIDLAND, Mich., Nov. 7.—A block of wooden store buildings known as the Foster buildings, were burned this morning. They were occupied by George W. Selley, dealer; G. B. Hammond, fruit and confectionery; W. W. Fisher, barber shop; Will Stora, hardware shop; and J. S. Dunn, fruit and confectionery. The contents of the buildings, valued at \$2,000, are almost a total loss. The cause of the fire was about \$1,500, insured for \$1200.

Matched Against Flying Jib.

HARTFORD, Conn., Nov. 7.—"Lon" Warren, the champion bicyclist of the state, who will race against Flying Jib with a pacing record of 2:04 at Charter Oak on Thursday, has ridden a mile in 2:06 3/4.

Mrs. D. C. Baker of Saugatuck sent a pair of mits to the infant daughter of President Cleveland, and has an autograph letter from Mrs. Cleveland acknowledging the receipt.

of this city will be the next speaker of the house. He had no opposition for re-election as representative from the fourth Louisville district.

The legislature will re-elect the Hon. William M. Lindsay United States senator. In Louisville, Mayor Henry S. Tyler, the democratic nominee for mayor, was re-elected over ex-Mayor P. Foster Reed, an alleged citizens' candidate, and Major J. Washington Mann, independent.

VIRGINIA DEMOCRATIC.

O'Farrall Elected Governor by a Safe Old 6,000 Majority.

Richmond, Va., Nov. 7.—Chairman Ellison of the state democratic committee has received telegrams from the following places, which give estimate majority for O'Farrall for governor as follows: Culpeper, 300; Alexandria City, 200; Buena Vista, 143; Danville, 1,000; Fredericksburg, 500; Norfolk, 1,000; Portsmouth, 1,000; Manchester, 130; Patrick, 300; Scott, 200; James City, 40; Newport News and Morrison's precinct in Warwick county, 600; Halifax, 300 to 1,000; Henry, 1,000. O'Farrall runs a little behind his ticket in a number of counties.

Democrat Save Virginia.

RICHMOND, Nov. 7.—Democrat claim four-fourths of the members of the general assembly and that they have carried the state by about 50,000.

Australian Ballot System Used.

TOPEKA, Kan., Nov. 7.—The vote in Kansas today was light. Meagre returns indicate a falling off as compared with last year of about 10 per cent in the total number of votes cast. Most of these have been in the extreme western counties and in those counties in which only a passive canvass was made, it having been the policy of both populists and republicans to pay no attention to those counties, as the result was considered certain. The Australian ballot system was used in Kansas for the first time and caused much confusion.

South Dakota Still Republican.

YANKTON, S. D., Nov. 7.—The republican candidates for judicial positions have been elected by the usual majority. The vote has been about one-half of that polled at the last general election, or about 40,000, of which each republican candidate has about 20,000. Figures are not to be had at this hour and the actual count will not be available until tomorrow night.

Maryland Carried by Democrats.

BALTIMORE, Nov. 7.—The comptroller-ship was the only state office voted for by the democrats. The returns so far show the election of Marion De Kalb Smith, the present incumbent of the democratic party, by about 15,000 plurality.

CLEVELAND HEARD THE NEWS.

Election Returns Telephoned to Woodley from the White House.

WASHINGTON, Nov. 7.—The white house was the first to hear the Western Union and United Press bulletin wires and operators were on duty at the executive mansion till late at night to receive the bulletins of the results in the several states. The most important dispatches were transmitted by Private Secretary Theodore Roosevelt to the president at Woodley, who was thus put in full possession of the results before retiring for the night. Mr. Cleveland had gone out to his country home as usual soon after the adjournment of the cabinet meeting.

Office Seekers Will Have to Wait.

WASHINGTON, Nov. 7.—Each senator and representative usually has a candidate in tow for office, some of whom have been waiting since last March. The handling of the offices are too busy making out annual reports just now to attend to them, however. Meanwhile, the patriots who saved the party a year ago are compelled to wait.

Democrat Repeaters Released.

NEWARK, N. J., Nov. 7.—The election in this city has been one of the hardest fought in many years. Nine repeaters were arrested during the day, but a democratic police justice paroled each of them to go on their recognizance.

OWOSSO, Mich., Nov. 7.—Department Commander J. H. Kent of the G. A. R., accompanied by Senator Vice Governor L. M. Ward of Benton Harbor and C. P. Coffin of Grand Rapids, members of the executive committee of the council of administration, and Assistant Adjutant General Phelps and Quartermaster Cornell of the commander's staff were in town today to arrange for the next encampment and the date of which was fixed for March 20, 21 and 22 next. The session of the encampment will be held in the new armory, where headquarters will also be established. A large number of leading citizens met the party at the depot, escorted them about the city and assured them that everything would be done by the citizens of Owosso for the comfort and convenience of delegates and visitors during the encampment.

M'KINLEY BY A MILE

He Sweeps the Buckeye State From End to End.

HIS MAJORITY WILL BE 50,000

The Protective Tariff Triumphant Vindicated—Kentucky Stays True to the Bourbon.

CINCINNATI, Nov. 7.—The returns from all over the state are coming in very slowly. In Hamilton county, with 250 precincts, there has been returns from 108, which give McKinley, 17,311; Neal, 12,933. McKinley's majority in the county will reach at least 10,000. Four hundred and fifty precincts out of a total of 2,863 in the state give McKinley, 75,028; Neal, 54,875; people's party, 2,143; prohibitionists, 2,143. McKinley is running far ahead of the vote cast for Harrison in 1892, while Neal falls far short of that cast for Cleveland in the same year. Reliable returns from outside counties will be very late, but judging from those already in at this hour (11

GOVERNOR M'KINLEY.

o'clock) indications are that McKinley will have a majority of 50,000. The republicans have elected a full ticket and the republican state committee claims to have elected two-thirds of the members of both branches of the legislature.

WORK AT THE POLLS

What the Issues Were in the Buckeye State.

CLEVELAND, O., Nov. 7.—The ticket voted today was for governor, lieutenant governor, state treasurer, attorney general, judge of the supreme court, board of public works, dairy and food commissioner and full upper and lower houses of the legislature. There was also a county ticket. Interest in this city centered in the candidates for governor on the republican and democratic tickets. Both republicans and democrats were well organized and made a strong effort to get out a full vote. In the manufacturing centers the vote was unusually heavy. Nine out of ten tickets were voted straight. The democratic machine in Cincinnati gave Neal its full support.

At noon no serious disturbances had occurred in the state and nearly three-fourths of the vote was in, an event never before known. The republicans were very confident of the election of McKinley by from 35,000 to 50,000, which the democratic state committee would not concede. There has never been an election in Ohio in which so many uncertain elements entered into the conditions. Besides the tariff, silver and pension questions, with state issues, the liquor question has been a big factor at many points. The local tickets over the state have been scratched beyond all precedent. Democrats as a rule will make no bets on general results unless given big odds.

William A. Taylor, the democratic candidate for lieutenant governor, said at noon that Neal would have 10,000 plurality, but Chairman Dick of the republican committee laughed at this statement and said that McKinley's plurality would be three times that figure.

M'KINLEY'S VICTORY.

The Most Remarkable in the History of the State.

COLUMBUS, Ohio, Nov. 7.—Not since the defeat of Vallandigham for governor in 1863 has there been in Ohio such a Waterloo to the democrats as today. John Brough was then elected by 101,000 and today Governor McKinley was re-elected by not less than 70,000. If the steady and constant gains now coming in still continue McKinley's plurality will reach 70,000. The republicans have a three-fourths majority in both branches of the legislature, a larger majority than for thirty years. The republican gains are not confined to localities and towns but throughout the entire state.

Cincinnati gives McKinley 10,000 and Columbus which gave Cleveland last year 64, now gives McKinley 21,000. It was a revolutionary, state issues, the liquor question and all local topics gave way to the great republican cyclone. The depression in business, hard times, people out of work, the tariff and silver issues and the pension theme were the cause. The whole state government and three-fourths of the counties are now completely put under republican rule. Governor McKinley received the returns at his executive office which was thronged. The governor said the victory was not a tribute to him but the uprising of the people for American institutions and protection to American labor. There are 1,000 voting precincts in the state and up to midnight only six showed democratic gains. The others showed gains from 15 up to 100. Columbus which gave last year 50 majority for Cleveland went over for McKinley, and this county for the first time since 1864 went republican. The democratic state committee concedes McKinley's election by from 50,000 to 75,000.

PROTECTION WON THE FIGHT.

Four States Redeemed on That Political Issue.

CINCINNATI, Nov. 7.—Tomorrow the Commercial Gazette, in an editorial on the result of the election of today in the various states will say: "The Ohio issue of protection and the man who represents it, William McKinley, has come to the front and lifted the states of New York, New Jersey, Massachusetts and

Iowa out of the mire of democracy and put them on a firm foundation. The national convention will in all probability be held in Cincinnati, and having been nominated by John Sherman, the apostle of sound money and ex-Governor Foraker, a few days ago for the presidency three years hence, and having rolled up such a glorious majority of yesterday to emphasize it, McKinley is the logical candidate of the republican party for the presidency in 1896."

Big Republican Gain.

CINCINNATI, Nov. 7.—Two hundred and twenty-five precincts, including forty-five in Hamilton county, give McKinley, 20,252; Neal, 23,897; people's, 675; prohibition, 1,423. Same in 1892: Harrison, 34,679; Cleveland, 27,650; people's, 408; prohibition, 1,430. The forty-five precincts in Hamilton show net republican gain of 1,402.

Massachusetts County Gains.

MASSACHUSETTS, Nov. 7.—Massachusetts complete: McKinley, 1,901; Neal, 1,561. Last year Harrison, 1,470; Cleveland, 1,904. Indications are that democratic majority in the county will be reduced to less than 500.

In the Rolling Mills District.

CLEVELAND, Nov. 7.—The World says: In precinct A, 25th ward, in the heart of the rolling mill district, McKinley got 178, Neal 131. Last year in the same precinct Harrison got 143 and Cleveland 215.

Cuyahoga's Fine Showing.

CLEVELAND, Nov. 7.—Returns from this (Cuyahoga) county received up to 11 o'clock indicate a majority of 1,000 McKinley. Cleveland carried the county last year.

Ohio Is Solid.

CLEVELAND, Nov. 7.—Republican state committee claim they have elected over two-thirds of members in both
